

"I never said I was against development."

— Cindi Hutchinson (Sun-Sentinel, 3/05)

HIGH-RISE HUTCHINSON!

Cindi voted for 13,000 MORE residential units downtown — equal to 48 MORE high rise towers like this one!!!

Plus: SHE VOTED FOR THE HATED HYDE PARK TOWER

The 13,000 units could add 26,000 residents. City planners said that could DOUBLE rush hour traffic in our traffic-jammed downtown. The planners also said it would put pressure on water, electricity, police and fire services, according to the Sun-Sentinel.

County Commissioner John Rodstrom was aghast! "I can't believe it," he told the Sentinel. He said the city should plan for such enormous growth BEFORE going ahead with it."

Lucky for us the Broward County Commission stripped all but 3,000 units from the plan.

Hutchinson's attitude: She pledged the city will go back to the county and ask that the rejected 10,000 units be restored, the Sentinel said.
